

Volex 400G QSFP-DD ACC Cable

Volex's 400G QSFP-DD Active Copper Cable features 8 transmitting and 8 receiving 50Gbps PAM4 channels for 400G operation. The cable assembly meets IEEE 802.3cd standard with substantial signal integrity margin providing high performance and bandwidth interconnect solutions for high-density applications. The signal integrity severely stressed under high-speed data transmission is enhanced via advanced linear equalization. The result is longer reach up to 7M vs 3M for the passive version with the same unique dielectric material and cable construction that offers the smallest cable size and highest flexibility. The result is a highly flexible DAC cable which reduces the overall bend space up to 30% vs the passive version, making it ideal for Deployment in high density rack.

As next-gen data centers deploy faster speed in a tighter space, they need high performance cables that reduce power consumption, provide reliable operation and are low cost. Volex's QSFP-DD Active Copper Cable is designed to meet the next-gen data center needs and is a cost-effective alternative to the high-power consumption Active Optical Cable.

Low power consumption and heat dissipation

Complete cable assembly uniquely terminated at the factory to provide the most reliable operation

100% tested for signal integrity with serial number traceability

FEATURES AND SPECIFICATIONS

Product Type	400G QSFP-DD Active Copper cable assembly
Conductor Treatment	Laser stripped conductors
Cable Type	High speed twinax cable, 16-pair differential, 100 +/-5 ohms
Cable Colour	Black
Cable Jacket	Plastic braided mesh
Packaging	PE bag
Power Supply Voltage	3.3V
Power Consumption	<150mW per active channel
Temperature Range	0 – 70°C
Retention Force	Minimum 125N per MSA specification
Insertion Force	Maximum 90N per MSA specification
EEPROM	CMIS 5.0 compliance
Cable Termination	100% factory tested including comprehensive signal integrity verification and serial number traceability using advanced Manufacturing Execution Systems

Volex reserves the right to change specifications and availability without prior notice.

High-Speed Interconnect

Mechanical Drawing

Volex P/N	Cable Length (m)	Cable Gauge (AWG)	Cable OD (mm)
DQ60BDG30BA	3.00	30AWG	9.7
DQ60BDG40BA	4.00	30AWG	9.7
DQ68BDG50BA	5.00	28AWG	10.4
DQ68BDG60BA*	6.00	28AWG	10.4
DQ66BDG70BA*	7.00	26AWG	11.9

* Cables are pending final qualification. Length listed above are preliminary.

3.0 – 7.0m lengths available with 30AWG-26AWG conductor sizes to achieve maximum performance.

Options Available

- Custom colours for cable jacket
- Custom colours for pull tab
- Custom EEPROM mapping
